

# Facilities Technician (Electrical)

## THE ROLE AND WHAT TO EXPECT

Working direct on a key Client site (Dairy Crest) in a small site resident facilities team, this role involves supporting non-core engineering and facilities support services, working in conjunction with adi site Management and the Client Team in the planning, coordination and completion of day-to-day maintenance repairs, planned services and controlling adi appointed Contractors coming to site to undertake outsourced maintenance services

## WHAT YOU WILL NEED TO SUCCEED

**Installation competence:** C&G 2330/2351/2355 or C&G 236 Parts A&B or C&G 2360 Parts 1&2 or C&G 2365 Level 2&3 or 2356 NVQ with a recognised Apprenticeship

**With** Certificate for the Requirements for Electrical Installations BS 7671: 2008 (2382-12, 15 or 20); for 17<sup>th</sup> Edition Wiring Regulations

**Electrical Inspection and Testing competence:** C&G 2391-10 or C&G 2394/2395

## ABOUT YOU

Working directly with the adi Site Facilities Manager and the Lead Electrical Technician deputising for the latter, in their absence this person will deliver a professional service to the Client Engineering Team in the maintenance and upkeep of the site facilities and infrastructure, ensuring engineering /statutory compliance is maintained at all times.

## ABOUT ADI GROUP

adi Group is a large, multi-disciplined, privately owned engineering company offering a single source, integrated service to provide Totally Engineered Solutions.

Founded in 1990, the group specialises in supporting the manufacturing sector in the UK & Ireland, through 16 limited companies and over 20 service divisions. Enjoying exponential growth over the last three years, the Group has seen its workforce increase by 50% to over 500 employees and is expected to double in size by 2020.

## WHY WORK FOR US

Whether you work at our flagship head office, at one of our 11 regional offices, or at one of our client residencies, a job at adi is fast-paced and promises variety, progression and opportunity.

We are dedicated to creating a winning team with a strong work ethic, a commitment to excellence and above all, a passion for engineering.

## HOW TO APPLY

If you are a professional hands-on, self-motivated and team focused individual who is reliable and flexible in their approach to work with a keen eye for accuracy and attention to detail – we want you!
